

Shiraz 2005

Torrantes Chardonnay 2007

WINE SPECTATOR - WOW!

The scores are in and they are great! Wine Spectator recently scored our Classic Shiraz 2005 - 89 Points and our Classic GSM - 88 Points! The Marquee Classic Series has

produced 7 wines awarded 85 points or more from the Wine Spectator in the last two years, wow, talk about value for your money!

ON THE HORIZON

gra•zi•o•so is defined in the dictionary as, graceful; flowing & is used in music as a style choice to play music for an entire composition in a light, graceful style. Marquee is proud to give a sneak peak to our loyal followers of its newest Argentinean wine from the Caligiore family, GRAZIOSO. Just as the musical name implies you will find that this 100% organically

grown young white wine, starts bright and refined with a graceful floral bouquet that ascends straight into a beautiful mouth coating mid-palate with lime and green apple notes. This blend of the signature white grape from Argentina, Torrontes, has been paired with a bit of our familiar friend Chardonnay for balance and complexity.

MEASURE OUR GROWTH

Say hello to the three newest members of the Marquee family:

- **DJ Reardon in Massachusetts**
- **Vinovativa in Sweden**
- **Craig Skopec** Project Coordinator
Marquee Artisan Wines

Georgia World Congress Center
Atlanta, GA

WINE TRIVIA

1. What is the average number of grapes it takes to produce a bottle of wine?
2. When did winemaking begin?

Answers:

600 and The Mesopotamians were credited with producing the first wines in 6000 B.C.

QUOTE OF THE QUARTER

"I cook with wine, sometimes I even add it to the food!!"

-W.C. Fields

MAKES YOU THINK

With our new line of Argentina wines many ask the question, "What exactly is organically grown?" By definition organically grown means:

"Organic agriculture is an ecological production management system that

promotes and enhances biodiversity, biological cycles and soil biological activity. It is based on minimal use of off-farm inputs and on management practices that restore, maintain and enhance ecological harmony."
